INFORMATION TECHNOLOGY / SOFTWARE Engineering

Senior Software Engineer

To obtain a position in programming or related areas that would best utilize expertise in the software development. This position should have many opportunities for an passionate, dedicated individual ready to learn and advance.

QUALIFICATIONS

Works in a team as Senior software engineer on different software solutions. Highly proficient in Java (2004–2010), C#/ASP.NET (2008–present) and SQL Server (2011–present). Has strong academic and industrial experience in the area of software architecture and engineering.

IT subjects:

- Programming languages (Pascal, C, C++, C#, assembly - 680x0 & i80x86 series);
- Internet programming (ASP.NET, AngularJs, Java [J2EE], Struts, AJAX, HTML/CSS, JavaScript/jQuery);
- Object technologies: Design Patterns, UML/OCL, MOF (Ecore) and OO program language components;
- Visual tools (Visual Studio, Eclipse, Netbeans, Rational Rose, ERWin, BPWin);
- Other tools/technologies (XML, XSLT, ATL/QVT, JUnit);
- Databases (MySQL, MSSQ);
- Software development methods: Rational Unified Process, Extreme Programming and SCRUM;
- Client/Server systems (Oracle Forms, Reports);
- Build tools (Maven, Ant, MSBuild);
- Business process and rules (BPMN, R2ML, SWRL/OWL, Drools);
- Source control (Git, TFS).

Avocation:

- Digital photography, Adobe Photoshop and Corel DRAW.
 - 20 years IBM PC-compatible experience, with knowledge of and experience in all major software, including Microsoft Word, Excel, Access, 95/98/Me/NT/XP/7/8/10, DOS, and peripherals.
-

PROFESSIONAL EXPERIENCE

Zühlke Group, Serbia

- *Expert Software Engineer* 2017. – now

Electric power industry of Serbia, public company

- *Head of software development department.* 2014. – 2017.
 - Leading main software implementation projects (.NET tech stack + MS SQL Server).
 - Developing short and long term strategy for the team to meet the company's goals and objectives.
 - Overseeing internal product development.
 - Teaching and training software developers.
 - Harmonising engineering processes, driving consistent standards and approaches throughout the team.
 - Supervising other software projects.
 - Defining implementation times and deadlines (for development and support).
 - Internal staff recruiting.
 - Leading technical support.
 - Defining new internal organizational structure.
- *Head of Technical Software Development Department.* 2011. – 2014.
 - Team leader for software engineers developing applications using predominantly AJAX, ASP.Net (C#) and SQL Server;
 - Defined standards, tools and processes that were used for solution development within company.
 - Administration and configuration of SQL Server 2008/2014 (backup, migrations, maintenance), Team Foundation Server and IIS.
- *Senior Software Engineer.* 2004. - 2011.
 - Coal Quality (Eclipse + EJB3 + Hibernate + Spring framework + Struts 2 + JUnit 4 + JMock + JFreeChart + JasperReports);
 - ArchiDoc Web Document Management System (Netbeans + EJB2 + Struts + JSP + JUnit 3 + Patterns);
 - Storehouse operations distributed application, design and implementation (C# + MS SQL Server + Crystal reports);
 - Other projects (CMS for Web portal & CD presentation, E-commerce Web site implementation...);
 - Created and held Java courses for 40 software developers (Basic, Advanced, Web, J2EE). Duration: 1 year.

- *Software Developer Consultant:*
 - E-Store application for on-line for selling books in PHP/JavaScript/MySQL;
 - Complete code and design of a business packages STR 1.1 and FinanceBusiness 1.0 (for distributed environment) for small and medium companies in MS Visual C++, using MFC, Win32, PHP and MS Access;
 - Coded, designed and managed multiple web sites using HTML, JavaScript, PHP, MySQL, visual editors like Macromedia Dreamweaver and Microsoft FrontPage so as other graphical tools;
 - Active IT consulting for a number of companies in the area of business software implementation.

EDUCATION

- **Ph.D. in Computer Science in the area of Software Engineering,** 2007. - 2010.
FON-School of Business Administration, University of Belgrade, Department of Information Systems and Technologies, Serbia.
Thesis: "Modeling Rule-Driven Service Oriented Architectures". Work on the thesis done in collaboration with Athabasca University, Canada and Brandenburg University of Technology Cottbus-Senftenberg.
- **M.Sc. in Software engineering and informatics,** 2005. - 2007.
FON-School of Business Administration, University of Belgrade, Department of Information Systems and Technologies, Serbia.
Thesis: "Modeling rules on the Semantic Web". Obtained a GPA of 9.7 out of 10.0. Work on the thesis done in collaboration with Simon Fraser University, Canada and Brandenburg University of Technology Cottbus-Senftenberg.
- **Professional master in Internet technology,** 2004. - 2005.
FON-School of Business Administration, University of Belgrade, Department of Information Systems and Technologies, Serbia.
Thesis: "Managing documentation process in J2EE environment". Obtained a GPA of 9.6 out of 10.0.
- **B.Sc. with Honors in Computer Engineering Management,** 2002. - 2004.
Department of Computer Engineering of the Graduate School of Business Studies in Belgrade, Serbia.
Obtained a GPA of 9.5 out of 10.0. University scholarship in fourth year for superior academic achievements.
- **Graduated with a degree in computer sciences (A.Sc.),** 1999. - 2001.
College of Electrical engineering, Department of New Computing Technologies in Belgrade, Serbia.
Thesis: "Database accesses for financial business software". Obtained a GPA of 9.3 out of 10.0. Ranked top 1% in class.

He is a *Certified ScrumMaster* (instructor: Jim Coplien, June 2009), *MCP*, *MCTS for ASP.NET*, *MCTS for SQL Server 2008*, *Database Development* and *MCPD for ASP.NET*.

RESEARCH

Member of the GOOD OLD AI Research Network (since 2005.), ACM and IEEE Computer Society.

Research projects

- **rBPMN** editor - An Eclipse-based implementation of a Rule-based BPMN. 2007. - 2010.
- **R2ML** - The REVERSE I1 Rule Markup Language meta-model and Web translator's implementation. 2005. - 2007.

International journal editorial board membership

- Human-centric Computing and Information Sciences, Springer.
- International Journal of Distributed Systems and Technologies, IGI Global.

International conference program committee membership

- 3rd International Workshop on Model Transformation with ATL (MtATL2011), Zürich, Switzerland, July 1, 2011.
- I-SEMANTICS 2011 Conference, 7th International Conference on Semantic Systems, Graz, Austria, 7-9 September 2011.
- 2nd International Workshop on Model Transformation with ATL (MtATL2010), Malaga, Spain, June 30, 2010.
- IADIS International Conference on Information Systems 2010, Porto, Portugal, March 18-20, 2010.
- 1st International Workshop on Model Transformation with ATL (MtATL2009), Nantes, France, July 7-8, 2009.
- I-SEMANTICS '09 Conference, Graz, Austria, September 2-4, 2009.
- IADIS International Conference on Information Systems 2009, Barcelona, Spain, February 25-27, 2009.

Reviewer

Journals

- IEEE Transactions on Systems, Man, and Cybernetics, Part C: Applications and Reviews, IEEE Systems, Man, and Cybernetics Society.
- International Journal of Business Process Integration and Management, Special issue on Dynamic and Declarative Business Processes, Inderscience, 2010.
- Information Systems, Elsevier.
- TMRF e-Book on Advances in Semantic Computing, 2009.
- Handbook of Research on Emerging Rule-Based Languages and Technologies: Open Solutions and Approaches, 2009.

International conferences

- 8th International Conference on Service Oriented Computing (ICSOC 2009), Stockholm (Sweden), November 24-27, 2009.
- ACM/IEEE 11th International Conference on Model Driven Engineering Languages and Systems (MODELS 2008), Toulouse, France, 28 September - 3 October, 2008.
- 7th International Conference on Conceptual Modeling (ER 2008), Barcelona, Spain, October 20-23, 2008.
- 3rd International Workshop on Vocabularies, Ontologies and Rules for The Enterprise (VORTE 2007) at 11th IEEE International Enterprise Distributed Object Computing Conference (EDOC 2007), Annapolis, Maryland, USA, October 2007.
- 7th International Conference on Web Engineering (ICWE2007), Como, Italy, July 16-20, 2007.
